“

The Professional Services team has been great for adoption of our CRM tool – they deliver both a crash-course and long-term learning that helps bank marketers get up to speed with the industry, software, and behavior. We've been able to build, release, and promote use of pipelines, incidents and full-scale marketing campaigns directly as a result 360 View's Professional Services.

Equity Bank

CRM Mentorship Program

The Professional Services team has truly been an asset to the success American Bank has with our 360 View CRM system. American Bank would not be where we are today with the CRM without their expertise, patience and guidance.

American Bank

Implementation & Marketing Mentorship Program

We wanted to build a pretty expansive onboarding campaign for new retail clients, so enlisted 360 View's Professional Services to help us with the project. What a great partnership! They stayed by our side every step of the way, and they never missed a beat from call to call! As part of the build, we incorporated various success measures, so we always know how the campaign is performing. This is great tool for me and my Executive Team. Anytime problems arise, Professional Services make themselves available to help. Their 360 View expertise and customer service is exceptional.
